

What Is Claimed Is:

1. A textile printing substrate comprising:

a textile substrate having a first side and a second side;

a dye fixing/receiving composition disposed on the first side of the textile
substrate, the dye fixing/receiving composition including:

a amino compound forming a chemical bond with the textile
substrate; and

inorganic particles.

2. A textile printing substrate comprising:

a textile substrate having a first side and a second side;

a resin binder disposed on the first side of said textile substrate;

a dye fixing/receiving composition disposed on the first side of the textile
substrate, the dye fixing/receiving composition including:

a amino compound forming a chemical bond with the resin binder;
and

inorganic particles.
